From high-detail Active Imaging™, FishReveal™, built-in Genesis Live real-time mapping and enhanced screen clarity and target separation to features that make your life easier on the water, like an easy-to-use touchscreen, wireless networking, smartphone notifications and trolling motor/Power Pole® integration – Elite Ti² was designed to help you have an easier time finding fish.

Active Imaging 3-in-1 sonar (CHIRP, SideScan and DownScan) and 2-in-1 sonar (SideScan and DownScan) lift Elite-9 Ti² fishfinding performance to another level, offering offer greater resolution, clarity and contrast at a range unmatched by any fishfinder in its category.

Elite-9 Ti² delivers more powerful navigation features with preloaded worldwide basemap and support for C-MAP Easy Routing + Navionics® Autorouting* and Genesis Live real-time mapping.

You will have a much easier time targeting key areas with US Inland fishing map that features 1-foot contours on 4,000 lakes. If you would rather create your own maps of a favorite fishing spot or a lake without detailed mapping, take advantage of the built-in

Genesis Live real-time mapping capability to create your own, exclusive ½-foot contour maps live on the screen of your Elite Ti² display.

New Elite Ti² wireless networking allows you to share sonar, waypoint and route data wirelessly between Elite Ti² displays, removing the need to run cable.

With new smartphone notification capability built into Elite-9 Ti², you can keep your eyes on the fish and never miss another text or call; or turn off notifications for uninterrupted fishing.
