Description

The Elite Fishing System (FS) combines the power of Lowrance's proven and newest fishfinding tools with a more affordable display that's easier to use and install. From ActiveTarget™ live sonar and extreme high-resolution Active Imaging™ with Lowrance CHIRP sonar, SideScan and DownScan Imaging™ to preloaded C-MAP® Contour™+ Fishing Maps, Elite FS gives you all the tools you need to find and catch more fish.

Find More Fish with Proven Lowrance Sonar

See structure and cover with a new level of refined detail and at a range unmatched by any other structure imaging technology with Active Imaging™ 3-in-1 sonar featuring CHIRP, SideScan and DownScan with FishReveal™. Get the best of CHIRP sonar and DownScan Imaging™ on one screen with FishReveal, a Lowrance exclusive that helps you easily recognize fish from structure and cover on high-detailed DownScan images.

ACTIVE IMAGING

Target Fish Live with New ActiveTarget™ Live Sonar

Fish smarter when you know exactly what fish are doing – in real time – with ActiveTarget™ Live Sonar. Enjoy high-resolution views of fish movements, tracking them as they swim in and around cover. Watch their real-time response to your lure and you will know if your current technique is working or if it's time to switch things up.

Find Key Fishing Areas with Contour+

Spend more time trying to catch fish and less time trying to find them with the high-resolution detail of C-MAP Contour+ inland and coastal charts built into Elite FS displays. From finding key fishing areas, like ledges, drop-offs and ditches to navigating with precision to fish-holding areas, you will have more success on the water with high-resolution 1-foot contours on 8,900 U.S. lakes.
